

## **Sangstream**

Sangstream is a community Scots folk choir, based in Edinburgh. The choir has 60 members, and performs regularly at community and charity events. Sangstream recorded a CD 'More than a Choir' in 2012, celebrating both the group's singing and social activities. The choir has been led by MD Mairi Campbell since 2002. Her musical arrangements, written specifically for Sangstream, give the choir a distinctive sound.
